

## Financial Aid Form

MoEd welcomes applications from all households who would like to send a child or children to our program. MoEd's lean funding and lack of an endowment mean that we have a limited capacity to offer discounted tuition.

One of our Board's top priorities is to raise funds so that we can make financial assistance a reality for more of our families. At the present time, we are glad to try to work with you to develop a plan for making MoEd more affordable.

As part of this process, we have developed the following set of questions.

Your answers to these questions will be held in confidence and will be viewed only by MoEd's executive director and the members of our financial aid advisory committee. No parents of current MoEd students serve on this committee.

If you have questions or concerns about the process of developing and making a financial aid award, please contact our executive director, Orna Eldor Gerling ([orna@moedcommunity.org](mailto:orna@moedcommunity.org)).

Please email the completed form to Phil Avner ([pavner@dc.net](mailto:pavner@dc.net)) and cc.

Orna([orna@moedcommunity.org](mailto:orna@moedcommunity.org)) and [admin@moedcommunity.org](mailto:admin@moedcommunity.org)

**Parent/Guardian Name(s):**

**E-mail address(es) for above:**

**Telephone number(s) for above:**

**Child name(s):**

Please tell us the reason or reasons why you believe that financial aid is needed in order for your child or children to attend MoEd (for example, related to income, unusual housing or health expenses, or other extenuating circumstances).

We understand that MoEd's tuition is higher than that of other aftercare programs in our area, reflecting the quality of our staffing and programming –a request based solely on MoEd's tuition level is not one that we can reasonably and fairly address.

---

---

---

Does any child in your family already receive need-based financial aid to attend another school or camp?

If yes, what is the school/camp, what is the standard tuition, and how much financial aid do you receive (or instead, what percentage of standard tuition do you pay)?

What percentage or amount of financial aid would make MoEd affordable for your family?  
Please explain.
